Office Master II

INSIDE FRONT COVER AND PAGE 1

No. CF 2676-4—CONFERENCE DESK Size 76" x 39"

A desk designed for the executive who has the twofold need for ample drawer space and desk-top area. The easy-to-get-to file drawer gives ready access to important papers. The extra drawer in each pedestal means better organization of work.

No. CF 2676—CONFERENCE DESK
Size 76" x 39"—(Working View)

Ideal for the executive who needs larger-than-average working space . . . or who has frequent conferences and meetings with his staff and associates. The file drawer in this desk, as well as other flat top desks, is in the upper left pedestal for convenience. Nylon bearing suspension on the file drawer assures easy and quiet operation.

PAGES 2 AND 3

No. CF 2660—EXECUTIVE DESK—Size 60" x 39"

Illustrating the overhang on the approach side only.

No. F 2666-4—EXECUTIVE DESK—Size 66" x 30½"

This is an executive flat top desk for normal desk use. Attractive tapered feet, typical of the series—are fitted with English Antique color ferrules. All desks in this group have adjustable glides included as standard equipment to adjust from 29" to 30". File drawers are equipped for hanging type folders. Specially designed pulls are finished in English Antique with very little highlight.

PAGES 4 AND 5

No. F 2660—EXECUTIVE DESK—Size 60" x 30½"

No. F 2643 R—Size 43" x 30½"

This single pedestal desk occupies minimum floor area, yet gives good working room and file space, useful for all clerical purposes. Especially desirable as a salesman's desk.

F 2643-L—Same as above except drawer pedestal on left.

No. FS 2659-L—CONFERENCE DESK—
Size 58½" x 30½"

A single pedestal desk that combines free-form design of the top with the grace of the Office Master II styling. Made with file drawer at top of pedestal, box drawer below.

No. FS 2652-L—CONFERENCE DESK—
Size 52" x 30½"

Ideal for receptionists or information personnel. The top overhangs 10" beyond the panel end providing comfortable seating for consultation purposes. Back panel is recessed 14" from approach side of top.

FS 2652-R—Same as above except drawer pedestal on right.

No. ET 2660-L—Size 60" x 30½"

No. ET 2666-R—Size 66" x 30½"
Single pedestal desks—file drawer at top, box drawer below.

PAGES 6 AND 7

A 2600 GROUP

Illustrating ET 2660-R Desk—with Typing Unit—consisting of: TU2645 Top with FH3902 Fastening Hardware; DP 2622N-SR Stationery Cabinet; MP-22A Modesty Shield; File Drawer at top of desk pedestal.

No. FP 2643—MACHINE DESK—Size 43" x 30½"

The platform on this style is 23" wide, 22" long, and 2¾" below the surface of the desk top. This space saving design provides a rigid foundation for the heaviest electric office machines and is especially suitable where wide carriage machines are used.

No. C 2660-R—MACHINE DESK—60" x 30½"

The machine platform on this special purpose desk is 24" wide at the front; 22" from front to the back; 16" wide at the back. Typewriters, calculating machines, comptometers, adding machines and other office equipment have adequate room for effective operation. The platform size is generous enough for the largest electric typewriters. For added convenience and better working efficiency there is ample space for copy holders at the back of the machine.

No. ST 2660-L—SECRETARIAL DESK—
Size 60" x 30½"

Available in either left or right hand pedestals. The standard JOFCO typewriter mechanism is counterbalanced—and moves in or out by fingertip pressure. (No need to leave your chair to operate it.) Beneath is a convenience drawer—handy for personal articles. The adjustable firm base support on the compartment door supports from the floor—makes the platform rigid—free from vibration from heaviest machine, because the platform is locked into the door. The support folds upward, allowing the door to close when storing the typewriter.

PAGES 8 AND 9

No. T 2643 TABLE—Size 44" x 24"

No. T 2660 TABLE—Size 60" x 30½"

No. PT 2660 TABLE—Size 60" x 30½"

No. PT 2652 TABLE—Size 52" x 30½" (not shown)

An excellent conference table for use in smaller rooms or with smaller groups.

No. PT 2696 TABLE—Size 96" x 43"

No. PT 2676 TABLE—Size 76" x 39" (not shown)

A directors' or conference table with generous overhang at the ends and sides for comfortable seating of a maximum number of persons.

PT 2696 End overhang 22"; side overhang 7"

PT 2676 End overhang 12"; side overhang 5"

No. CR 2676-SU—Size 76" x 18"

No. CR 2660—CREDENZA—Size 60" x 20"

Open shelf area for storage of papers and materials which call for quick availability. Two large enclosed storage areas have adjustable shelves in each for the many items which need to be at the fingertips of a busy executive. Compartments are 20" high; 16" wide; 17½" deep. Shelf area is 19" wide; 17½" deep; 4" high.

PAGES 10 AND 11

No. TS 2619 CELLARETTE—Size 22" x 18"

A lock cabinet for personal things that doubles as a telephone stand.

KNEE SPACE 1" WIDER THAN CENTER DRAWERS ABOVE

FEATURES

1. Tapered foot design—more foot room.
2. Easier to clean under desk.
3. High English Antique color ferrules on each foot.
4. Dovetailed drawers—front and back—with custom detailed machining for smooth surfaces.
5. Drawers chemically treated to prevent shrinking and swelling.
6. File drawer in upper left pedestal for greatest convenience. Operates on nylon bearing suspension for easy and quiet operation.
7. File drawer equipped for hanging style folders.
8. Specially designed pulls, finished in English Antique with very little highlight.
9. Paracentric key lock—metal locking device locks all pedestal drawers.
10. Large radius rounding on top corners and posts.
11. Knee space posts are of "Densiwood"—for harder than metal wearing quality and resistance to damage. No snagging or splintering.
12. 3-ply drawer bottoms of framed-in construction, heavily glue blocked.
13. Beautiful hand-rubbed oil walnut is stock finish.
14. Panels 3-ply, ¼" thick, framed-in, with protective rails well rounded —giving ample protection against damage during cleaning of floors.
15. Adjustable height—29" to 30".
16. Dustproof underconstruction.
17. All plywood bonded in hot plate presses under terrific pressure.
18. Urea resin glues—moistureproof and bacteria-proof.
19. Cabinet glues—polyvinyl resin, inorganic and bacteria-proof. Will not crystallize. Superior holding power.
20. Genuine walnut panels and drawer fronts. Posts and rails of clear maple. Plastic tops are standard.
21. Low initial cost—lowest maintenance cost.
22. "JOFCO Desk" master-crafted construction for endurance and satisfaction.
23. Drawer fronts of 5-ply construction. Minimizes warpage—prevents sticking—better matching of parts.
24. Firm base support on typewriter compartment door—makes platform rigid—supports from floor.
25. Convenience drawer beneath typewriter compartment. Handy for personal articles—assures personal privacy!
26. Arm slides, 5-ply, heavy with genuine walnut banding on front. Smooth finger-grip offset to blend and match with pulls.
27. All tops with genuine walnut banding.
28. Wood tops are available on special order.
29. Space-saving sizes.
